Ant Anstead's Building a Special brings the Haynes story full circle, coming 61 years after the original Building a 750 Special was written by John Haynes, Haynes Publishing's founder, when he was still a schoolboy. This book is a TV tie-in, following the 12-part TV series Ant Anstead Master Mechanic, aired on Motor Trend, part of the Discover Network in the US and UK, following Ant Anstead's build of his own-design 'special' car, taking inspiration from the Alfa 158 - the first World Championship-winning F1 car, which raced from the 1930s until the 1950s. The 12-part TV series followed Ant's build of the car, from the first design ideas, through the construction, culminating in the debut of the car during the 2019 US Grand Prix weekend in Austin, Texas. The book follows Ant's personal build of the car, from the selection of the donor MG TD for the chassis, and Alfa Romeo Spider for the engine and gearbox, through modifying the chassis, building the suspension, steering, brakes, bodywork and interior, and putting all the components together to produce a finished one-off 'special.' Content includes: Introduction The history of specials Planning Donor car Chassis, suspension, steering, rear axle Engine, fuel system, cooling system, ancillaries, exhaust Gearbox Bodywork Braking system Cockpit Wiring Preparation and painting Testing Setting up and Making road legal.

Kevin Tetz of Paintucation has delivered the first book ever on the many variables involved with patina. In step-by-step format, Kevin walks you through creating patina from existing paint, preserving *already there* patina, and painting patina (steel, plastic, glass). Each process is unique and requires its own set of skills, procedures, and tools. With tens of millions of potential projects to consider, finding the right car or truck to patina shouldn't be a problem. And now with Patina: How to Create & Preserve you will have the perfect book to guide you through the patina process. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}

Looks at the combustion basics of fuel injection engines and offers information on such topics as VE equation, airflow estimation, setups and calibration, creating timing maps, and auxiliary output controls.

Written for the do-it-yourselfer, good enough for the pro. Includes everything you wish to know about your vehicles heating and air conditioning. From simple adjustments, to complete tune-ups and troubleshooting.

Haynes manuals are written specifically for the do-it-yourselfer, yet are complete enough to be used by professional mechanics. Since 1960 Haynes has produced manuals written from hands-on experience based on a vehicle teardown with hundreds of photos and illustrations, making Haynes the world leader in automotive repair information. Covers Chevy S-10 and GMC Sonoma pickups (1994-2004), Blazer and Jimmy (1995-2004), GMC Envoy (1998-2001), and Oldsmobile Bravada & Isuzu Hombre (1996-2001).

The research is indisputable: Students are less disruptive and do better academically in schools that cultivate the internal motivation of students. In Activating the Desire to Learn, veteran educator Bob Sullo shows how to apply lessons from the research on motivation in the classroom. According to the author, we are all driven to fulfill five essential needs: to connect, to be competent, to make choices, to have fun, and to be safe. Studies show that when these needs are met in schools, good behavior and high achievement tend naturally to ensue. Written as a series of candid dialogues between the author and K-12 students, teachers, counselors, and administrators, Activating the Desire to Learn covers everything you need to know to change the dynamics of learning in your classroom or school: * A comprehensive overview of the research on internal motivation; * Case studies of strategies for activating internal motivation at the elementary, middle, and high school levels; * Suggestions on how to assess degrees of student motivation; and Motivating students is not the issue—the hunger to learn is ever-present. Yet schools continue to insist on the traditional reward-punishment model, to the detriment of student achievement. Clearly it's time for change. This engaging and thought-provoking book will help you create a culture of achievement by building on the inherent drive to succeed that students bring to the classroom every day.

One of the most popular classic cars on the road today, Chevrolets built between 1955 and 1957 have spawned a veritable cult of fans. For the 150,000 Classic Chevy owners here is a comprehensive, step-by-step guide to keeping their Chevrolets in top showroom condition. Includes information on chassis upgrades, paint and bodywork, engine tuning, restoration, and much more.

The Merck Manual Go-To Home Guide for Symptoms takes complex medical information and makes it easy to understand and accessible to an everyday audience. It covers a wide range of everyday symptoms, from abdominal pain to wheezing, and almost everything in between. Every section provides a comprehensive look at each symptom's Causes, both common and less-common; Evaluation: warning signs, when to see a doctor, what the doctor does, and testing; Treatment: a wide-array of options; and Key points: the most important information about the symptom. It also includes helpful tables and illustrations. Organized in a (2- color, 500 page) paperback format makes it easy for busy families to quickly find the information they need. Symptoms covered include: Back Pain, Cough, Fatigue, Fever, Headache, Heartburn, Itching, Joint Pain, Nausea, Swelling and many more....

Covers 2010-2011 models of Flex, Focus, Fusion, Fusion Hybrid, Milan, Milan Hybrid, MKS, MKT, MKZ, Mustang, Ranger, Sable, Taurus, and Transit Connect.
