An Advocate Persuades introduces its reader to the role of the advocate and the tools of persuasion. This book, like its predecessor A Lawyer Writes, places the reader in the role of a first-year attorney. Now, that first-year attorney must draft a motion or appellate brief and then present an oral argument. With step-by-step explanations and numerous examples, An Advocate Persuades explains how to develop and refine trial-level and appellate arguments and then how to present those arguments orally. Speaking to its readers in a straightforward manner, An Advocate Persuades communicates both the theories and foundational skills of persuasion so that they will be retained for a lifetime of legal practice.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

This eminently practical volume demystifies legal writing, outlines the causes and consequences of bad writing, and prescribes straightforward, easy-to-apply remedies that will make your writing readable. Complete with usage notes that address lawyers' most common errors, this well-organized book is both an invaluable tool for practicing lawyers and a sensible grounding for law students. This much-revised second edition contains a set of editing exercises (and a suggested revision key with explanations) to test your skill.
