A Summer Of Faulkner by Faulkner, William

A Summer with my Favorite Author I will admit it. I have never watched Oprah on television. Thankfully, my wife is a fan. Otherwise I would have missed this opportunity to spend time with my favorite author - William Faulkner. I was introduced to Faulkner's Yoknapatawpha County while I was in college.

A Summer of Faulkner: As I Lay Dying/The Sound and the ...

The 2005 Summer of Faulkner was Oprah's most ambitious "classics" summer reading project. Oprah arranged for a special boxed set of the three featured Faulkner novels, and three distinguished Faulkner scholars--Robert Hamblin, Thadious Davis, and Arnold Weinstein--prepared extensive online materials for readers, who were to tackle one novel a month.

Tackling Faulkner Most Faulkner readers, even those of us who have made a career of studying, teaching and writing about Faulkner, can still recall our initial experiences of anxiety, bafflement and downright frustration upon first reading a Faulkner text. Believe me, when it comes to finding Faulkner difficult, we've all been there.

Faulkner 101: How to Read William Faulkner

Faulkner died in the summer of 1962, at the age of sixty-four. A few months later, federal courts ordered the University of Mississippi to admit its first Black student, James Meredith. The state ...

Presents three novels, including "As I Lay Dying," in which the Bundren family journeys across Mississippi to bury their mother, "The Sound and the Fury," in which Caddy Compson's story is narrated by her three brothers, and "Light in August," in which th

"Read, read, read. Read everything—trash, classics, good and bad, and see how they do it. Just like a carpenter who works as an apprentice and studies the master. Read! You'll absorb it. Then write. If it is good, you'll find out. If it's not, throw it out the window." —William Faulkner *Light in August*, a novel about hopeful perseverance in the face of mortality, features some of Faulkner's most memorable characters: guileless, dauntless Lena Grove, in search of the father of her unborn child; Reverend Gail Hightower, who is plagued by visions of Confederate horsemen; and Joe Christmas, a desperate, enigmatic drifter consumed by his mixed ancestry.

Nine Lives. Four Generations. One Family. The MacEntees are no ordinary family. Determined to be different from other people, they have carved out a place for themselves in Irish life by the sheer force of their personalities. There's Deirdre, the aged matriarch and former star of the stage. Her estranged writer husband Manus now lives with a younger man. Their daughter Alma is an unapologetically ambitious television presenter, while Acushla plays the part of the perfect political wife. And there's Macdara, the fragile and gentle soul of the family. Together, the MacEntees present a glamorous face to the world. But when a series of misfortunes befall them over the course of one long, hot summer, even the MacEntees will struggle to make sense of who they are. From Kathleen MacMahon, the #1 bestselling author of *This is How it Ends*, comes this powerful and poignant novel, capturing a moment in the life of one family.

Popular fiction follows literature professors wherever they go. At coffee shops or out for drinks, after faculty meetings or classes, even at family reunions – they are persistently pressed to talk about bestselling novels. Questions immediately follow: What do I mean when I say a book is "good"? Why do contemporary novels like these, conversations like these, matter to professors of literature? Shouldn't they be spending their time re-reading *The Great Gatsby*? *The Ulysses Delusion* confronts these questions and answers their call for more engaged conversations about books. Through topics like the Oprah's Book Club, Harry Potter, and Chick Lit, Cecilia Konchar Farr explores the lively, democratic, and gendered history of novels in the US as a context for understanding how avid readers and literary professionals have come to assess them so differently.

How do we read William Faulkner in the twenty-first century? asks Michael Gorra, in this reconsideration of Faulkner's life and legacy. William Faulkner, one of America's most iconic writers, is an author who defies easy interpretation. Born in 1897 in Mississippi, Faulkner wrote such classic novels as *Absalom, Absalom!* and *The Sound and The Fury*, creating in Yoknapatawpha county one of the most memorable gallery of characters ever assembled in American literature. Yet, as acclaimed literary critic Michael Gorra explains, Faulkner has sustained justified criticism for his failures of racial nuance—his ventriloquism of black characters and his rendering of race relations in a largely unreconstructed South—demanding that we reevaluate the Nobel laureate's life and legacy in the twenty-first century, as we reexamine the junctures of race and literature in works that once rested firmly in the American canon. Interweaving biography, literary criticism, and rich travelogue, *The Saddest Words* argues that even despite these contradictions—and perhaps because of them—William Faulkner still needs to be read, and even more, remains central to understanding the contradictions inherent in the American experience itself. Evoking Faulkner's biography and his literary characters, Gorra illuminates what Faulkner maintained was "the South's curse and its separate destiny," a class and racial system built on slavery that was devastated during the Civil War and was reimaged thereafter through the South's revanchism. Driven by currents of violence, a "Lost Cause" romanticism not only defined Faulkner's twentieth century but now even our own age. Through Gorra's critical lens, Faulkner's mythic Yoknapatawpha County comes alive as his imagined land finds itself entwined in America's history, the characters wrestling with the ghosts of a past that refuses to stay buried, stuck in an unending cycle between those two saddest words, "was" and "again." Upending previous critical traditions, *The Saddest Words* returns Faulkner to his sociopolitical context, revealing the civil war within him and proving that "the real war lies not only in the physical combat, but also in the war after the war, the war over its memory and meaning." Filled with vignettes of Civil War battles and generals, vivid scenes from Gorra's travels through the South—including Faulkner's Oxford, Mississippi—and commentaries on Faulkner's fiction, *The Saddest Words* is a mesmerizing work of literary thought that recontextualizes Faulkner in light of the most plangent cultural issues facing America today.

"I believe that man will not merely endure: he will prevail. He is immortal, not because he alone among creatures has an inexhaustible voice, but because he has a soul, a spirit capable of compassion and sacrifice and endurance." —William Faulkner, on receiving the Nobel Prize *Go Down, Moses* is composed of seven interrelated stories, all of them set in Faulkner's mythic Yoknapatawpha County. From a variety of perspectives, Faulkner examines the complex, changing relationships between blacks and whites, between man and nature, weaving a cohesive novel rich in implication and insight.

One of William Faulkner's finest novels, *As I Lay Dying* was originally published in 1930, and remains a captivating and stylistically innovative work. The story revolves around a grim yet darkly humorous pilgrimage, as Addie Bundren's family sets out to fulfill her last wish: to be buried in her native Jefferson, Mississippi, far from the miserable backwater surroundings of her married life. Told through multiple voices, it vividly brings to life Faulkner's imaginary South, one of the great invented landscapes in all of literature, and is replete with the poignant, impoverished, violent, and hypnotically fascinating characters that were his trademark. This edition reproduces the corrected text of *As I Lay Dying* as established in 1985 by Noel Polk.
