Next time you go grocery shopping, pause and look at the ingredients lists on all the foods you purchase. Chances are, almost everything you are intending to buy has some type of sugar added to it, even foods that you wouldn't associate with sweetness, like salad dressing, peanut butter, bread, and TV dinners (via SELF ). This is because a lot of the time sugar is added to a food, it is not exclusively to sweeten the dish.

Almost Everything is a mishmash of inspirational ideas in the sweetest sense of the word (there's even an 80-word chapter on the power of chocolate). If you're overwhelmed, we recommend using it like a modern I Ching : Open it to any page and you're bound to arrive at words that help you believe in humankind again—and in something larger than yourself.
