In 1975, the Broadway musical *Chicago* brought together a host of memes and myths – the gleefully subversive character of American musical comedy, the reckless glamour of the big-city newspaper, the mad decade of the 1920s, the work of Bob Fosse and Gwen Verdon (two of the greatest talents in the musical's history), and the Wild West gangsterville that was the city of Chicago itself. The tale of a young woman who murders her departing lover and then tricks the jury into letting her off, *Chicago* seemed too blunt and cynical at first. Everyone agreed it was show biz at its brilliant best, yet the public still preferred *A Chorus Line*, with its cast of innocents and sentimental feeling. Nevertheless, the 1996 *Chicago* revival is now the longest-running American musical in history, and the movie version won the Best Picture Oscar. As author Ethan Mordden looks back at *Chicago*'s various moving parts – including the original 1926 play that started it all, a sexy silent film directed by Cecil B. DeMille, a talkie remake with Ginger Rogers, the musical itself, and at last the movie of the musical – we see how the American theatre serves as a kind of alternative news medium, a town crier warning the public about the racy, devious interior contradictions of American society. Opinionated, witty, and rich in backstage anecdotes, *All That Jazz* brings the American Musical to life in all its artistry and excitement.

For three years they've pretended there's nothing between them anymore. Jazz is finally ready to move on with the rest of her life. She's determined that experiences and relationships will be fun,

Using elements of American jazz as her metaphor and process theology as her focus, Pederson orchestrates a unique understanding of God's role in creation. The creative order, she says, is not a fixed and immutable event from the past, but a series of divine improvisations that compose the cosmic composition even as it is played out.
