A fascinating epic tale of the lives of people on both sides of the divide in Ireland, told mainly during the twentieth century as they fought each other over independence. The focus is on individuals from two families, one landowning Anglo-Irish, the other from workers of the land.

Ashes in the Wind is the best book I've read about the civil war. Kathleen Woodiwiss did a masterfully job with her superb knowledge of the civil war. The length of the book is 672 pages, but I still didn't want it to end. The author did a sensational job with the main characters Cole and Alain.

Ashes! Ashes! Ashes in the Wind! Chapter 1 September 23, 1863 New Orleans THE wide, muddy river lapped with deceptive laziness at the foot of the levee, while a heavily laden riverboat ponderously picked a path through a bevy of Union warships. Two hundred yards away, the main body of the fleet lay anchored midstream, apart from the city and its sometimes hostile inhabitants. Squat, ugly ...

'Ashes in the Wind' is an intriguing mix of the fictional and the historical. Derriquin Castle in County Kerry, ruined by fire in 1922, in this book becomes the Burke family seat, but was actually built by one of Christopher Bland's forebears. The main characters are drawn from two families, the Catholic Sullivans and the Protestant Burkes, who find themselves on opposing sides in the Irish ...
