I just completed this swap on my truck this past weekend. I had been looking for a parts truck for over a year and could not find one. in my opinion the best bet is to call Balsley's Auto Sales (724-455-6100). they will sell you a complete swap kit for 2120\$ after taxes. it was a six and half hour ride for me but a hell of a lot cheaper than buying a junked truck and now I dont have a junker ...

**auto to manual swap+Dodge Cummins Diesel Forum**

When you code the transmission type to manual, the clutch to disable will work. Selecting ROW transmission (rest of world) will disable the push to start function. Or you can wire it out, or you can leave it. The brake works properly because the function is the same on manual and auto cars.

**Chevrolet Transmission Swap Guide - Chevy High Performance**

The only way you're gonna get rid of those codes is to replace the present PCM (aka ECM on older vehicles) programmed for an automatic for another PCM programmed for a manual transmission. As it is now, the PCM is looking for sensor input signals and codes from the auto tranny's computer and it's not gonna get them from the new 6-speed manual transmission.

**Manual to Automatic Transmission Conversion+Jeep---**

But, is it possible to convert transmission from manual to auto? It is possible to bring any mechanical change to almost any car given that you have invested enough money, time, and expertise. What you have to have ready at hand is a donor car that has all the parts identical to your car except for the automatic transmission (in case if it is computerized such as OBD or OBDII systems).
