Engine Stand -
Pinterest

After I finish the twin-turbo 460 project, I'll be going back to the mid-engined GTP car take II, which

Acces PDF Automotive

will be twin-turbo
rover based.

Mounts finished,
out of 1/4" steel.

Should be solid
enough not to bend
or twist to much. I
guess I'll find out.

Since I don't intend
to have the engine
run at redline, this
should be fine.
