The Bean Trees reverberates with a deep sense of spirituality that has little to do with organized religion. In the novel, commercialized religion works not as the means to salvation, but as a humorous lucky charm. At the bar with the sign that reads 1 - 800 - THE-LORD, Taylor finds Turtle, who will become the most precious part of her life.

The Bean Trees: Study Questions | SparkNotes

The Bean Trees refers to the name that Taylor Greer's adopted, vegetable-loving daughter Turtle gives to wisteria trees, a member of the bean family (Fabaceae) that produces long, bean-like seed pods. The symbiotic relationship between wisteria trees and rhizobia, microorganisms that live in the root system and form an invisible supportive network for the tree, provides a metaphor for the network of friends, neighbors, and fellow refugees that support Taylor and Turtle in their life together.

The Bean Trees, like the majority of Kingsolver's novels, focuses on the strong relationships between her female characters, similar to Amy Tan's The Joy Luck Club. Like Louise Erdrich, and her novel The Roundhouse , Kingsolver also writes from a modern perspective regarding Native American experience and with great respect for the American landscape in which her characters live.

The Bean Trees is bestselling author Barbara Kingsolver's first novel, now widely regarded as a modern classic. It is the charming, engrossing tale of rural Kentucky native Taylor Greer, who only wants to get away from her roots and avoid getting pregnant. She succeeds, but inherits a 3-year-old native-American little girl named Turtle along the way, and together, from Oklahoma to Tucson, Arizona, half-Cherokee Taylor and her charge search for a new life in the West. Written with humor and pathos, this highly praised novel focuses on love and friendship, abandonment and belonging as Taylor, out of money and seemingly out of options, settles in dusty Tucson and begins working at Jesus Is Lord Used Tires while trying to make a life for herself and Turtle. The author of such bestsellers as The Lacuna, The Poisonwood Bible, and Flight Behavior, Barbara Kingsolver has been hailed for her striking imagery and clear dialogue, and this is the novel that kicked off her remarkable literary career. This edition includes a P.S. section with additional insights from the author, background material, suggestions for further reading, and more.

Clear-eyed and spirited, Taylor Greer grew up poor in rural Kentucky with the goals of avoiding pregnancy and getting away. But when she heads west with high hopes and a barely functional car, she meets the human condition head-on. By the time Taylor arrives in Tucson, Arizona, she has acquired a completely unexpected child, a three-year-old American Indian girl named Turtle, and must somehow come to terms with both motherhood and the necessity for putting down roots. Hers is a story about love and friendship, abandonment and belonging, and the discovery of surprising resources in apparently empty places. Available for the first time in mass-market, this edition of Barbara Kingsolver's bestselling novel, The Bean Trees, will be in stores everywhere in September. With two different but equally handsome covers, this book is a fine addition to your Kingsolver library.

Through a series of poems, a young girl chronicles the life-changing year of 1975, when she, her mother, and her brothers leave Vietnam and resettle in Alabama.

Since Barbara Kingsolver published The Bean Trees in 1988, her work has been of great interest to readers—first, American readers; then British and South African readers; and finally to readers the world over. With incredible speed, Kingsolver became one of the best-known United States writers, a person who collected honors and awards as if she were a much more mature literary producer. From the beginning Kingsolver touched an elbow of interest in her readers: hers was the voice of world awareness, a conscientious voice that demanded attention for the narratives of the disadvantaged, the politically troubled, the humanly silenced. By paying special attention to her non-fiction (essays and books), this new study by renowned literary critic Linda Wagner-Martin highlights the way Kingsolver has become a kind of public intellectual, particularly in the 21st century. It provides fresh readings of each of her novels, stories, and poems.

Like so many people during the Great Depression of the 1930s, Marshall Loman's dad has lost his job. There's little money, but there are plenty of beans—in fact, Ma cooks them for supper every single night! Beans start looking better when Marshall sees the contest posted in the furniture store window. HOW MANY BEANS ARE IN THE JAR? WIN THIS BRAND NEW SEWING MACHINE! Ma needs that sewing machine—but how can Marshall possibly guess right? Then Marshall remembers something he learned in arithmetic class. Becky Birtha's engaging story, based on her grandmother's memories of Depression years in the African American community, is illustrated by Nicole Tadgell's expressive paintings.

This fast-paced action novel is set in a future where the world has been almost destroyed. Like the award-winning novel Freak the Mighty, this is Philbrick at his very best. It's the story of an epileptic teenager nicknamed Spaz, who begins the heroic fight to bring human intelligence back to the planet. In a world where most people are plugged into brain-drain entertainment systems, Spaz is the rare human being who can see life as it really is. When he meets an old man called Ryter, he begins to learn about Earth and its past. With Ryter as his companion, Spaz sets off an unlikely quest to save his dying sister -- and in the process, perhaps the world.

"A historical fiction novel in verse detailing the life of Clara Lemlich and her struggle for women's labor rights in the early 20th century in New York."--

Picking up where her modern classic The Bean Trees left off, Barbara Kingsolver's bestselling Pigs in Heaven continues the tale of Turtle and Taylor Greer, a Native American girl and her adoptive mother who have settled in Tucson, Arizona, as they both try to overcome their difficult pasts. Taking place three years after The Bean Trees, Taylor is now dating a musician named Jax and has officially adopted Turtle. But when a lawyer for the Cherokee Nation begins to investigate the adoption—their new life together begins to crumble. Depicting the clash between fierce family love and tribal law, poverty and means, abandonment and belonging, Pigs in Heaven is a morally wrenching, gently humorous work of fiction that speaks equally to the head and the heart. This edition includes a P.S. section with additional insights from Barbara Kingsolver, background material, suggestions for further reading, and more.

"They shoot the white girl first. With the rest they can take their time." So begins Toni Morrison's Paradise, which opens with a horrifying scene of mass violence and chronicles its genesis in an all-black small town in rural Oklahoma. Founded by the descendants of freed slaves and survivors in exodus from a hostile world, the patriarchal community of Ruby is built on righteousness, rigidly enforced moral law, and fear. But seventeen miles away, another group of exiles has gathered in a promised land of their own. And it is upon these women in flight from death and despair that nine male citizens of Ruby will lay their pain, their terror, and their murderous rage. In prose that soars with the rhythms, grandeur, and tragic arc of an epic poem, Toni Morrison challenges our most fiercely held beliefs as she weaves folklore and history, memory and myth into an unforgettable meditation on race, religion, gender, and a far-off past that is ever present.

Watership Down by Richard Adams is a true classic. This stirring tale of courage and survival against the odds has become one of the best-loved animal adventures of all time. Led by his brother Hazel, a small band of rabbits set out on a perilous journey to find a safe home. Fiver's intuition finally leads them to Watership Down. But here they encounter the greatest threat of all. ***Winner of the Carnegie Medal and the Guardian Children's Fiction Prize*** 'A gripping story of rebellion in a rabbit warren and the subsequent adventures of the rebels. Adams has a poetic eye and a gift for storytelling which will speak to readers of all ages for many years to come' Sunday Times 'A masterpiece. The best story about wild animals since The Wind in the Willows. Very funny, exciting, often moving' Evening Standard 'A great book. A whole world is created, perfectly real in itself, yet constituting a deep incidental comment on human affairs' Guardian Richard Adams grew up in Berkshire, the son of a country doctor. After an education at Oxford, he spent six years in the army and then went into the Civil Service. He originally began telling the story of Watership Down to his two daughters and they insisted he publish it as a book. It quickly became a huge success with both children and adults, and won the Guardian Children's Fiction Award and the Carnegie Medal in 1972. Richard Adams has written many novels and short stories, including Shardik and The Plague Dogs.
