A birthday letter as the name specifies is the letter written on the occasion of someone ' s birthday. This person could be a sibling, relative, friend, or colleague, etc. When writing for a colleague the letter would be formal in tone. However, when writing to a close family member or friend, the length may vary.

A collection of poetry addressed to Hughes's late wife, poet Sylvia Plath, reexamines the psychological breakdown that led to both some of her greatest poems and to her untimely death. Reprint.

Ted Hughes's Birthday Letters are addressed, with just two exceptions, to Sylvia Plath, the American poet to whom he was married. They were written over a period of more than twenty-five years, the first a few years after her suicide in 1963, and represent Ted Hughes's only account of his relationship with Plath and of the psychological drama that led both to the writing of her greatest poems and to her death. The book became an instant bestseller on its publication in 1998 and won the Forward Prize for Poetry in the same year. 'To read [Birthday Letters] is to experience the psychic equivalent of "the bends". It takes you down to levels of pressure where the undertruths of sadness and endurance leave you gasping.' Seamus Heaney 'Even if it were possible to set aside its biographical value . . . its linguistic, technical and imaginative feats would guarantee its future. Hughes is one of the most important poets of the century and this is his greatest book.' Andrew Motion

English Poet Laureate Ted Hughes's Birthday letters is written to his wife, Sylvia Plath. It explores the two young poets' tumultuous love affair and marriage, a subject which has fascinated the literary world since her suicide in 1963. Written secretly over a period of more than twenty-five years since her death, these poignant verses reveal the psychological drama that led not only to Plath's most powerful poetry, but also to her eventual destruction.

At Isabella's thirteenth birthday celebration, her father announces he is beginning a new tradition—to write her a letter every year on her birthday until she turns twenty-one. The letters will chronicle her life while serving as a reminder that no matter what happens in life, God is always faithful. Seven years have passed since Isabella last opened her memory box of letters. Now that she is celebrating twenty-eight years of life, it is time to open the box again. Life has not always been a smooth ride for Isabella, but despite the loss of her father, she has remained focused on her dreams. Now as she prepares to embark on a medical internship that will take her from Louisiana to Italy, she has no idea what awaits. As she re-reads her collection of birthday letters, Isabella revisits their messages in the most unexpected of ways. But will she accept the divine invitation to recapture her childlike faith and once again believe that the moon is being held by heavenly strings? In this inspirational tale, a young woman revisits a collection of letters penned by her father as she enters a new chapter and searches for a way to reconnect with God and her faith.

"This erudite critical study...breathes new life into Plath scholarship."—Publishers Weekly, starred review When Ted Hughes's *Birthday Letters* was published in 1998, it was greeted with astonishment and acclaim, immediately landing on the bestseller list. Few suspected that Hughes had been at work for a quarter of a century on this cycle of poems addressed to his first wife, Sylvia Plath. In *Ariel's Gift*, Erica Wagner explores the destructive relationship between these two poets through their lives and their writings. She provides a commentary to the poems in *Birthday Letters*, showing the events that shaped them and, crucially, showing how they draw upon Plath's own work. "Both narratively engaging and scholastically comprehensive."—Thomas Lynch, *Los Angeles Times* "Wagner has set the poems of Hughes's *Birthday Letters* in the context of his marriage to Plath with great delicacy."—*Times Literary Supplement*

Write Now. Read Later. Treasure Forever. Letters to Open on Your Birthday will inspire you (or a group of loved ones) to wish someone a very happy birthday. Tell them how much they mean to you and share your hopes for them in the year ahead. Each letter is printed with a unique prompt like: The world is better with you in it because... "This erudite critical study...breathes new life into Plath scholarship."--Publishers Weekly starred review

One of NPR's Great Reads of 2018 An unforgettable portrait of one of the most inspiring historical figures of the twentieth century, published on the centenary of his birth. Arrested in 1962 as South Africa's apartheid regime intensified its brutal campaign against political opponents, forty-four-year-old lawyer and African National Congress activist Nelson Mandela had no idea that he would spend the next twenty-seven years in jail. During his

## Download Ebook Birthday Letters

10,052 days of incarceration, the future leader of South Africa wrote a multitude of letters to unyielding prison authorities, fellow activists, government officials, and, most memorably, to his courageous wife, Winnie, and his five children. Now, 255 of these letters, many of which have never been published, provide exceptional insight into how Mandela maintained his inner spirits while living in almost complete isolation, and how he engaged with an outside world that became increasingly outraged by his plight. Organized chronologically and divided by the four venues in which he was held as a sentenced prisoner, *The Prison Letters of Nelson Mandela* begins in Pretoria Local Prison, where Mandela was held following his 1962 trial. In 1964, Mandela was taken to Robben Island Prison, where a stark existence was lightened only by visits and letters from family. After eighteen years, Mandela was transferred to Pollsmoor Prison, a large complex outside of Cape Town with beds and better food, but where he and four of his comrades were confined to a rooftop cell, apart from the rest of the prison population. Finally, Mandela was taken to Victor Verster Prison in 1988, where he was held until his release on February 11, 1990. With accompanying facsimiles of some of his actual letters, this landmark volume reveals how Mandela, a lawyer by training, advocated for prisoners' human rights. It reveals him to be a loving father, who wrote to his daughter, "I sometimes wish science could invent miracles and make my daughter get her missing birthday cards and have the pleasure of knowing that her Pa loves her," aware that photos and letters he sent had simply disappeared. More painful still are the letters written in 1969, when Mandela—bidden from attending the funerals of his mother and his son Thembi—was reduced to consoling family members through correspondence. Yet, what emerges most powerfully is Mandela's unfaltering optimism: "Honour belongs to those who never forsake the truth even when things seem dark & grim, who try over and over again, who are never discouraged by insults, humiliation & even defeat." Whether providing unwavering support to his also-imprisoned wife or outlining a human-rights philosophy that resonates today, *The Prison Letters of Nelson Mandela* reveals the heroism of a man who refused to compromise his moral values in the face of extraordinary punishment. Ultimately, these letters position Mandela as one of the most inspiring figures of the twentieth century. From *The Prison Letters of Nelson Mandela* "A new world will be won not by those who stand at a distance with their arms folded, but by those who are in the arena, whose garments are torn by storms & whose bodies are maimed in the course of contest." "I am convinced that floods of personal disaster can never drown a determined revolutionary nor can the cumulus of misery that accompanies tragedy suffocate him." "My respect for human beings is based, not on the colour of a man's skin nor authority he may wield, but purely on merit." "A good pen can also remind us of the happiest moments in our lives, bring noble ideas into our dens, our blood & our souls. It can turn tragedy into hope & victory."

'Erica Wagner has set the poems of Ted Hughes's *Birthday Letters* in the context of his marriage to Sylvia Plath with great delicacy . . . Her book is informed not only by Plath's journals and letters, but, more significantly, moonlit throughout by Plath's poetry.' *Times Literary Supplement* 'A commentary on *Birthday Letters*, gravely unfurling the biographical journey for which these most openly personal of poems are signposts, amplifying and interpreting.' *The Scotsman*
