“stick” is a popular
term for those who
know how to drive
a car with a
manual
transmission.

~~Manual vs.
Automatic~~

Access Free Both Manual Transmission + Digital Trends Transmission

A car needs a full working transmission (or gearbox) in order to allow the vehicle to change gears, but the inner workings of a vehicle differs greatly between a manual transmission car

Both Manual

and an automatic transmission car. A manual car is

recognisable from the inside, as it contains a clutch pedal, which is used to change gears, as well as a gear shift stick between the two front seats, which offers full control of the car and
