The New York Times bestselling, darkly funny memoir of a young New Yorker's daring dual life—advertising art director by day, glitter-dripping drag queen and nightclub beauty-pageant hopeful by night—was an smash literary debut for Josh Kilmer-Purcell, now known for his popular PlanetGreen television series *The Fabulous Beekman Boys*. His story begins here—before the homemade goat milk soaps and hand-gathered honeys, before his memoir of the city mouse's move to the country, *The Bucolic Plague*—in *I Am Not Myself These Days*, with plenty of dishy anecdotes and moments of tragi-camp delight (Washington Post).

You can't help what objects you fall in love with. But can you make that trendy new lamp jibe with your grandmother's heirloom dresser? The fabulous Beekman Boys answer with a resounding "Yes!" in their new book, *Beekman 1802 Style*. Through more than 200 stunning photographs from *Country Living* magazine and never-before-seen images of the Beekman farmhouse, the boys use their city-turned-country-boy charm and style to help with all things home. Their unique home design tips and tricks for mixing high and low, East and West, indoors and outdoors, and traditional with modern will help you create a home that is inviting, warm, and—perhaps most important—fabulous.

"I adore the Beekman boys' story. Their unlikely story of love, the land, and a herd of goats is hilariously honest. If these two can go from Manhattan to a goat farm in upstate New York, then I can't help feeling there is hope for us all." —Alice Waters —Kilmer-Purcell's genius lies in his ability to blindside the reader with heart-wrenching truths in the midst of the most outlandish scenarios. He makes you laugh until you care." —Armistead Maupin Michael Perry (*Coop, Truck: A Love Story*) meets David Sedaris (*Me Talk Pretty One Day, Dress Your Family in Corduroy and Denim*) in this follow-up to Josh Kilmer-Purcell's beloved New York Times bestselling debut memoir, *I Am Not Myself These Days*—another

riotous, moving, and entirely unique story of his attempt to tackle the next phase of life with his partner on a goat farm in upstate New York.

In his early thirties, Danny Evans had a smokin' hot wife, a new baby boy, and the highest paying job he'd ever had. Then, in the span of one week, a sudden layoff and the events of 9/11 plunged Evans into a crushing depression. At turns poignant and uproarious, *Rage Against the Meshugenah* vividly traces Evans' journey through the minefield of mental illness from a modern man's point-of-view, including his no-holds-barred confrontations with infuriating sexual side effects, self-medication with beer and porn, and a therapist named Neil Diamond. Danny Evans is here to tell readers the truth about depression, in his own unique style. Skillfully combining self-deprecating humor, absurdly ridiculous insights, and astute pop culture references, Evans reveals his universal struggle to make himself feel happy in a world gone mad, and he's willing to let readers in on his rollercoaster ride of laughter, tears and a whole lot of meshugenah.

In this follow-up collection of comic essays, the author shares his hilarious and heartbreaking struggles with being an overweight, soon-to-be-gay kid, which sets him up for adulthood in the image-obsessed world of gay men in New York City where he hires personal trainers he wants to sleep with. Original.

In the space of a few months, sixteen-year-old Ethan Poe's life has become a complicated mix of facts, theories, and hypotheses. Things he knows beyond doubt: his parents are divorcing, his older brother Kyle is exhibiting alarming behavior, and his best friend is turning into a spiritual fanatic. Then there are the shifting uncertainties-including his feelings toward his father and his desire to both blend in and stand out in his rural Maine hometown. Most pressing of all, there's his attraction to Max Modine, a boy he wants

to know much better than he does. Despite Ethan's initial reluctance, he gets pulled into a heated and sometimes violent conflict about whether to introduce Intelligent Design into science classrooms. Family and friends are turning against each other, school is a battleground, and Ethan will have to take a stand. Because some facts are irrefutable and some bonds unbreakable, even when they can't be seen. And once Ethan finds the courage to become who he was meant to be, the outcome could be absolutely extraordinary. . . . Praise for the novels of Robin Reardon "Stirring. . . thoughtful and convincing." -Publishers Weekly on Thinking Straight "A compelling story well worth your time. . . Reardon is an author to watch." -Bart Yates, author of The Brothers Bishop on A Secret Edge

No past. No future. Only now. Originally a self-publishing success launched on N. Frank Daniels's MySpace page, the novel Futureproof tells the story of Luke and his friends as they navigate Atlanta's subculture of delinquents. In short order, the seemingly harmless high from his first cigarette sends Luke on a downward spiral that ends only after years of self-abuse. It is an extreme cautionary tale told with sensitivity, ferocity, and grit.

Dr. Brent Ridge and New York Times bestselling author Josh Kilmer-Purcell are not your average couple: The two Manhattanites left their big city lives behind, and found themselves living in bucolic Sharon Springs, New York, where they became "accidental goat farmers." But what began as a way to reconnect with their own style of modern country living soon exploded into a wildly successful brand, Beekman 1802, named after their historic home. Brent and Josh are now world-renowned for producing everything from magnificent handcrafted goat's milk soaps to artisanal Blaak cheese, and now, with The Beekman 1802 Heirloom Dessert Cookbook, they're bringing their special vintage-modern touch to classic, remarkable recipes bound to become family favorites year

after year. The Beekman 1802 Heirloom Dessert Cookbook will show off the delicious and decadent recipes that the Beekman Boys have collected from across the generations of their family, from Brent's grandmother's Fourth of July Fruitcake to Josh's mother's Hot Chocolate Dumplings. Each recipe will be accompanied by a personal memory from the authors or a story about how that recipe came to be. With eco-conscious and vintage-oriented food production gaining traction as a major culinary trend, this beautiful package will reel in readers, whether they're nostalgic for some classic Americana in their kitchen or just hankering for the perfect Blackberry Betty recipe.

What happens when two New Yorkers (one an ex-drag queen) do the unthinkable: start over, have a herd of kids, and get a little dirty? Find out in this riotous and moving true tale of goats, mud, and a centuries-old mansion in rustic upstate New York—the new memoir by Josh Kilmer-Purcell, author of the New York Times bestseller *I Am Not Myself These Days*. A happy series of accidents and a doughnut-laden escape upstate take Josh and his partner, Brent, to the doorstep of the magnificent (and fabulously for sale) Beekman Mansion. One hour and one tour later, they have begun their transformation from uptight urbanites into the two-hundred-year-old-mansion-owning Beekman Boys. Suddenly, Josh—a full-time New Yorker with a successful advertising career—and Brent are weekend farmers, surrounded by nature's bounty and an eclectic cast: roosters who double as a wedding cover band; Bubby, the bionic cat; and a herd of eighty-eight goats, courtesy of their new caretaker, Farmer John. And soon, a fledgling business, born of a gift of handmade goat-milk soap, blossoms into a brand, Beekman 1802. The *Bucolic Plague* is tart and sweet, touching and laugh out loud funny, a story about approaching middle age, being in a long-term relationship, realizing the city no longer feeds you in the same way it used to, and finding new depths of love and commitment wherever you live.
