Hope is lost ... fight or flee ... either means death. Deigo, child of a dead city, rescued by one of the oldest and learned Earth Movers as an infant, wrestles with the promise of some unknown purpose that he cannot comprehend. It rules his days, distracts from his studies, and impedes the peaceful future his adoptive father, Dreg, has set forth. A moment before madness takes him, young Deigo is given his heart's desire when Dreg breaks a covenant older than recorded time to impart on him the secrets of the Earth Mover's immense powers. Blessed with the ability to move the elements of the earth, Deigo is thrust into the rank of humanity's last chance to thwart the armies of Raum and stave off the annihilation of his native kind.
