Prince of Thorns: Broken Empire 1 Summary Prince of Thorns is the first volume in a powerful new epic fantasy trilogy, original, absorbing and challenging. Before the thorns taught me their sharp lessons and bled weakness from me I had but one brother, and I loved him well. But those days are gone and what is left of them lies in my mother's tomb.

King of Seven Nations, Jorg Ancrath, is still seeking revenge against his father and sets his sights on becoming Emperor using lost technology.

After finding ancient, magical artifacts hidden in a chamber beneath the castle, King Jorg plots to use them against the twenty thousand members of the enemy's approaching army.

The complete, critically-acclaimed debut fantasy trilogy: The Broken Empire by Mark Lawrence. This bundle includes PRINCE OF THORNS, KING OF THORNS and EMPEROR OF THORNS.

After witnessing the murder of his mother and brother and leading a band of bloodthirsty thugs, Prince Honorous Jorg Ancrath returns to his father's castle and his birthright, but faces treachery and dark magic once he arrives.

First in a brand new series from the author of The Broken Empire Trilogy. The Red Queen is old but the kings of the Broken Empire dread her like no other. For all her reign she has fought the long war, contested in secret, against the powers that stand behind nations, for higher stakes than land or gold. Her greatest weapon is The Silent Sister--unseen by most and unspoken of by all. The Red Queen's grandson, Prince Jalan Kendeth--drinker, gambler, seducer of women--is one who can see The Silent Sister. Tenth in line for the throne and content with his role as a minor royal, he pretends that the hideous crone is not there. But war is coming. Witnesses claim an undead army is on the march, and the Red Queen has called on her family to defend the realm. Jal thinks it's all a rumor--nothing that will affect him. But he is wrong?

From the international bestselling author of the Broken Empire Trilogy, the thrilling conclusion to the Red Queen's War... All the horrors of Hell stand between Snorri ver Snagason and the rescue of his family, if indeed the dead can be rescued. For Jalan Kendeth, getting out alive and with Loki's key is all that matters. Loki's creation can open any lock, any door, and it may also be the key to Jalan's fortune back in the living world. Jalan plans to return to the three w's that have been the core of his idle and debauched life: wine, women, and wagering. Fate, however, has other plans, larger plans. The Wheel of Osheim is turning ever faster, and it will crack the world unless it's stopped. When the end of all things looms, and there's nowhere to run, even the worst coward must find new answers. Jalan and Snorri face many dangers, from the corpse hordes of the Dead King to the many mirrors of the Lady Blue, but in the end, fast or slow, the Wheel of Osheim always pulls you back. In the end, it's win or die.

From the international bestselling author of the Broken Empire trilogy comes the second book of the Red Queen's War... After harrowing adventure and near death, Prince Jalan Kendeth and the Viking Snorri ver Snagason find themselves in possession of Loki's key, an artefact capable of opening any door and sought by the most dangerous beings in the Broken Empire--including the Dead King. Jal wants only to return home to his wine, women, and song, but Snorri has his own purpose for the key: to find the very door into death, throw it wide, and bring his family back into the land of the living. And as Snorri prepares for his quest to find death's door, Jal's grandmother, the Red Queen, continues to manipulate kings and pawns toward an endgame of her own design...

Entering a convent at nine years old to be trained for combat, Nona begins learning the ways of blade and fist. But when her violent past is revealed, she finds herself at the center of a battle for a crumbling empire in a dying universe.

A volume of short stories by the bestselling author of THE BROKEN EMPIRE series, Mark Lawrence This is a collection of fourteen stories of murder, mayhem, pathos, and philosophy, all set in the world of the Broken Empire. Within these pages, you will find tales of men such as Red Kent, Sir Makin, Rike, Burlow and the Nuban, telling of their origins and the events that forged them. There is Jorg himself, striding the page as a child of six, as a teenage wanderer and as a young king. And then there is a tale about Prince Jalan Kendeth - liar, cheat, womaniser and coward. To the new reader, welcome to a lawless world where wit and sword are the most useful weapons, and danger lurks as much in candle-lit palaces as in dark alleys and dense woodland. To those who have already journeyed with Jorg, we hope you will enjoy renewing old acquaintances with your favourite characters.

Ready Player One meets Stranger Things in this new novel by the bestselling author who George RR Martin describes as "an excellent writer." In January 1986, fifteen-year-old boy-genius Nick Hayes discovers he's dying. And it isn't even the strangest thing to happen to him that week. Nick and his Dungeons & Dragons-playing friends are used to living in their imaginations. But when a new girl, Mia, joins the group and reality becomes weirder than the fantasy world they visit in their weekly games, none of them are prepared for what comes next. A strange--yet curiously familiar--man is following Nick, with abilities that just shouldn't exist. And this man bears a cryptic message: Mia's in grave danger, though she doesn't know it yet. She needs Nick's help--now. He finds himself in a race against time to unravel an impossible mystery and save the girl. And all that stands in his way is a probably terminal disease, a knife-wielding maniac and the laws of physics. Challenge accepted.
