Just under two years ago, former FBI Director Robert Mueller was appointed to head a special investigation into Russian interference in the 2016 presidential election and whether the Trump campaign was involved. With the investigation now concluded, his report was submitted to the Department of Justice on Friday 22nd March 2019. This is the full text of special counsel Robert Mueller's investigation: it is the report and nothing but the report, presented as released by the Attorney General of the United States, with no positioning or framing apparatus - such as a celebrity introduction - that would give it bias or impede its clarity.

International Conference on Electronic Government, EGOV 2009, held in Linz, Austria, in August/September 2008 within the DEXA 2009 conference cluster. The 34 revised full papers presented were carefully reviewed and selected from 119 submissions. The papers are organized in topical sections on reflecting e-government research, administrative reform and public sector modernization, performance management and evaluation, aspects in government-to-citizen interactions, and building blocks in e-government advancements.

Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while

maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project.
