Hind Swaraj and Other Writings: Amazon.co.uk ...

Hind Swaraj is the writing that helped make Gandhi famous, as he created a sort of Socratic dialogue the way that Plato did, except this was far less conceptual. Gandhi legitimately seeked to create a better conversation surrounding the subject of Indian independence, and I think any historian would say that he did a good job.

Hind Swaraj and Other Writings by Mahatma Gandhi

Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Mahatma Gandhi wrote Hind Swaraj or Indian Home Rule in his native language, Gujarati, while travelling from London to South Africa onboard SS Kildonan Castle between November 13 and November 22, 1909. In the book Mahatma Gandhi gives a diagnosis for the problems of humanity in modern times, the causes, and his remedy. The Gujarati edition was banned by the British on its publication in India. Gandhi then translated it into English. The English edition was not banned by the British, who rightly concluded that the book would have little impact on the English-speaking Indians' subservience to the British and British ideas.

This volume presents an original account of Mahatma Gandhi's four meanings of freedom: as sovereign national independence, as the political freedom of the individual, as freedom from poverty, and as the capacity for self-rule or spiritual freedom. In this volume, seven leading Gandhi scholars write on these four meanings, engaging the reader in the ongoing debates in the East and the West and contributing to a new comparative political theory.

Dennis Dalton's classic account of Gandhi's political and intellectual development focuses on the leader's two signal triumphs: the civil disobedience movement (or salt satyagraha) of 1930 and the Calcutta fast of 1947. Dalton clearly demonstrates how Gandhi's lifelong career in national politics gave him the opportunity to develop and refine his ideals. He then concludes with a comparison of Gandhi's methods and the strategies of Martin Luther King Jr. and Malcolm X, drawing a fascinating juxtaposition that enriches the biography of all three figures and asserts Gandhi's relevance to the study of race and political leadership in America. Dalton situates Gandhi within the "clash of civilizations" debate, identifying the implications of his work on continuing nonviolent protests. He also extensively reviews Gandhian studies and adds a detailed chronology of events in Gandhi's life.

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

Even today, six decades after his assassination in January 1948, Mahatma Gandhi is still revered as the father of the Indian nation. His intellectual and moral legacy, and the example of his life and politics, serve as an inspiration to human rights and peace movements, political activists and students. This book, comprised of essays by renowned experts in the fields of Indian history and philosophy, traces Gandhi's extraordinary story. The first part of the book explores his transformation from a small-town lawyer during his early life in South Africa into a skilled political activist and leader of civil resistance in India. The second part is devoted to Gandhi's key writings and his thinking on a broad range of topics, including religion, conflict, politics and social relations. The final part reflects on Gandhi's image and on his legacy in India, the West, and beyond.

This comprehensive Gandhi reader provides an essential new reference for scholars and students of his life and thought. It is the only text available that presents Gandhi's own writings, including excerpts from three of his books-An Autobiography: The Story of My Experiments with Truth, Satyagraha in South Africa, Hind Swaraj (Indian Home Rule)-a major pamphlet, Constructive Programme: Its Meaning and Place, and many journal articles and letters along with a biographical sketch of his life in historical context and recent essays by highly regarded scholars. The writers of these essays-hailing from the United States, Canada, Great Britain and India, with academic credentials in several different disciplines-examine his nonviolent campaigns, his development of programs to unify India, and his impact on the world in the second half of the twentieth century and the beginning of the twenty-first. Gandhi's Experiments with Truth provides an unparalleled range of scholarly material and perspectives on this enduring philosopher, peace activist, and spiritual guide.

Anthony Parel affords a new perspective on the philosophy of Mahatma Gandhi. He explores how Gandhi connected the spiritual with the temporal. Parel shows how Gandhi, drawing on the Indian time-honoured theory of the purusharthas or 'the aims of life', fitted his ethical, political, aesthetic and religious ideas together. In this way Gandhi challenged the notion which prevailed in Indian society that a rift existed between the secular and the spiritual, the political and the contemplative life.
