balance and other information pertaining to the year ended 31st March, 2012 for the Delhi School, prepare the Income and Expenditure Account for the year and the Balance Sheet at its end:

## Top 7 Problems on Income and Expenditure

Income and Expenditure Account. The Income and Expenditure Account is a summary of all items of incomes and expenses which relate to the ongoing accounting year. It is prepared with the objective of finding out the surplus or deficit arising out of current incomes over current expenses.

## Income and Expenditure Account: Accounting Treatment ...

Surplus or deficit balance. If revenues of a non-trading concern exceed its expenditures during the year, the income and expenditure account shows a surplus balance; and if, on the other hand, the expenditures exceed income, the account shows a deficit balance. The surplus balance is also expressed as “excess of income over expenditure” and deficit balance as “excess of expenditure over income”.
