England-born, New York-based photographer Alexi Lubomirski has become an established name within the fashion industry, shooting for such publications as Harper's Bazaar, Vogueand GQ, and working with cover stars such as Charlize Theron, Gwyneth Paltrow, Natalie Portman, Jennifer Lopez and Nicole Kidman, to name but a few. It was after shooting Lupita Nyong'o, however, that Lubomirski was struck by the homogeneity of the subjects he'd been hired to shoot professionally. Often when he submitted a list of models he was interested in shooting, responses would range along the lines of [we love her, but...][her hair is a problem][she is too dark] or [she is too light to make a statement.] In Diverse Beauty, Lubomirski aims to move beyond the underrepresentation of women from a range of ethnicities in fashion media. The volume compiles his photographs of beautiful women of every color, size, age and sexual orientation in a celebration of beauty that adds dimension to the standards so omniscient in Western fashion magazines and advertisements. This handsome volume of cinematic fashion portraiture--featuring such subjects as Lupita Nyong'o, Rashida Jones, Salma Hayek, Demi Lovato, Anja Rubik, Jennifer Lopez, Chanel Iman, Hari Nef, Isabella Rossellini, Tyra Banks and Rosie Huntington-Whiteley, among many others--is also a small step in the direction of changing societal norms.

Lucky Peach is a journal of food writing, published on a quarterly basis by McSweeney's. It is a creation of David Chang, the James Beard Award-winning chef behind the Momofuku restaurants in New York, Momofuku cookbook cowriter Peter Meehan, and Zero Point Zero Production's producers of the Travel Channel's Emmy Award-winning Anthony Bourdain: No Reservations. The result of this collaboration is a mélange of travelogue, essays, art, photography, and rants in a full-color, meticulously designed format. Recipes will defy the tired ingredients-and-numbered-steps formula. They'll be laid out sensibly, inspired by the thought process that went into developing them. The aim of Lucky Peach is to give a platform to a brand of food writing that began with unorthodox authors like Bourdain, resulting in a publication that appeals to diehard foodies as well as fans of good writing and art in general. What's inside? -David Simon, creator of The Wire and Treme, remembers his father via pickles and cream. -Jonathan Gold and Robert Sietsema talk Teletubbies in Kansas City. -There's a [Choose Your Own Adventure]-style hunt for tacos through Texas and California. -Plus stuff from Harold McGee, Anthony Bourdain, Elvis Mitchell, and more!
