Lycoming Engines | Piston  
Aircraft | General Aviation

To keep everything traceable, Lycoming maintained the engine model, but modified the engine serial number by adding the letter "A" to the suffix. As an example, the original configuration would have had a serial number such as L-XXXX-76 for the O-320-H2AD series engine. The engine incorporating the changes had a serial number such as L-XXXX-76A. This allowed Lycoming to modify the ...
