Algunos de sus contenidos son diagramas eléctricos de fácil comprensión, descripción de terminales, sistema de encendido e inyección de combustible, mediciones de sensores (actuadores) con multímetro y osciloscopio, así como el ruteo de la distribución del motor.

The Human Body Owner's Workshop Manual explains how some of the fundamental ideas that we take for granted may well be just an incorrect interpretation of observed phenomena and provides a radical and controversial view of the mysterious human body and its integral relationship to the universe it inhabits. It also proposes convincing alternatives to the dis-empowering theories of nutrition and disease and provides the tools required to operate the body and assist it in eliminating toxic substances and heal itself of any state of bad health.
