James P. Dunlop. IN
PARTNERSHIP WITH NJATC.
Photovoltaic Systems, Third
Edition, contains procedures
commonly practiced in
industry and the trade.
Specific procedures vary
with each task and must be
performed by a qualified
person. For maximum safety,
always refer to specific
manufacturer
recommendations, insurance
regulations, specific job
site and plant procedures,
applicable federal, state,
and local regulations, and
any authority having
jurisdiction.

First-order systems are physical, second-order systems are biological, third-order systems are social, and fourth-order systems are semiotic. Each higher order of system represents a new level of complexity: the systems of that order are manifested as systems of a lower order, but in addition they embody a new (emergent) kind of property.
