Still, the biggest upgrade under the hood was the new TDI engine. By combining low consumption of a diesel engine with superior driving characteristics made possible by a turbocharger, it soon became the favorite choice of many buyers. The transmission choices, limited to a 5-speed manual and 4-speed automatic, were far more conservative.

The last generation of the Polo was introduced by the company in the fall 2009. The new model became the fifth generation in the Polo lineage. Now the Polo is available in two modifications, standard and GTI 3- or 5-door hatchbacks. The vehicle received new design and new TDI and TSI engines, fitted with manual or automatic transmissions.
