PTSD and Substance Abuse in Veterans. Studies show PTSD and substance use problems are strongly related in people who served in the military and in civilians. Some people try to cope with PTSD symptoms by drinking heavily, using drugs, or smoking too much. People who have problems with drugs or alcohol are also more likely to develop PTSD.

Rat-baiting is a blood sport, which involves placing captured rats in a sunken pit or other enclosed area surrounded by spectators, and then betting on how long a dog, usually a terrier, takes to kill them by taking rats in its mouth and shaking them to death.Often, two dogs competed, with the winner receiving a cash prize. It is now illegal in most countries.

~~Rat baiting — Wikipedia~~

Scientific research since the mid-1970s shows that treatment of those with SUDs in the criminal justice system can change their attitudes, beliefs, and behaviors toward drug use; avoid relapse; and successfully remove themselves from a life of substance use and crime. 5-7 For example, studies suggest that using medications for opioid use ...
