As to the theme of riches, the title “Rivers  
of Gold” refers to one of the many over-  
optimistic assessments of the New World  
sent back to Spain’s monarchs by  
explorers. Thomas notes that “the physical  
attraction of gold exercised men’s minds  
in those days in a way impossible now to  
recapture.”.

Streams of Gold, Rivers of Blood  
examines the rise and fall of the  
Macedonian Dynasty and then ends with  
the Comnenos dynasty at a break neck  
pace! The book was very easy to read and  
quite enjoyable, it read much in the same  
way as an Adrian Goldsworthy book-more  
specifically his book "How Rome Fell".
