A sexy enemies-to-lovers roommate romance. You met Austin Carmichael in Alphahole and he seemed like a great guy, right? He is. But when he gets pushed and has to deal with one thing after another, after another... apparently he can get a little testy. And like his brother Aiden, this means he can act like a bit of an alphahole, too. Austin has to spend some time in New York and finds himself with a new roommate. The circumstances around their first meeting? Instant hate. Though... with two hot, young, single people living in close proximity, things are bound to be interesting. Especially when Austin finds the stories she's writing about him on her computer. He's completely unprepared for how interesting. Jada: I'm a nice person. I'm a good girl, I swear. I just met Austin at the worst possible moment. My life has never sucked harder. He's got the complete wrong impression about who I am and everything I stand for. I might be a good girl, but I've found a stubborn streak. And he's been such a jerk to me that I'm determined to rock my job and be 100% professional. If only I could stop myself from writing down my fantasies about the growling, angry, sexy grouch. And then one day, I come in and find Austin reading something on my laptop. Best experienced after Alphahole. Some early feedback so far from beta readers: "They say a GOOD GIRL is really just a bad girl who has never been caught, but Austin catches Jada when he stumbles across her "Austin Smut File" writing and starts to make her fantasies come true. Boy does he ever make those fantasies come to life. Oh the burn..." – Robin "??? ??? ????? ?? ??? ?????? ??? ?????! ?? ?? ???, ????? ?? ?????, ????? ?? ???!! ??' ???? ????????? ?????? ??????????-????, ?????? ??? \*\*????????\*\* ?????? ?????. ??' ???? ?????????? ??? ?????????, ??? ?????????, ?????????????, ????????????? ?????????? \*\*????\*\* ??? ?? ????? ?????????!! ?? ??? ?? ???! It made me laugh, cry and shout with fury" – Liz "DD always knows how to pull you in and activate all your senses and that's what she did - I was happy, sad, mad and angry but I LOVE every minute of it." – Marquitta "I had every emotion possible running through my veins as I was reading this book. The whole book was beautifully written and the ending....it was crazy amazing. DD always leaves me wanting more. Kudos to you on another amazing book. Bring on Ally & Jude!!! " – Scharme

Growing up, I had one rule: stay away from my brother's best friend. It was easy to follow. I spent my years avoiding the boys on the baseball team, studying hard, and saving every dime I could. When I was accepted to transfer into UC Berkeley, I needed a place to live, and my brother had a free room off-campus. Win-win, right? Except that best friend I was determined to stay away from is now my new roommate. My very naughty, very rebellious roommate, Wesley Knight. The boy who was once the bane of my existence with his constant teasing is now a drop-dead gorgeous athlete. He's the life of the party, but I can't have fun. According to Wes, no guys are allowed to talk to me. Well, two can play at this game. If I can't date, then neither can he. It starts off as innocent fun. Some half-naked yoga or a little flirting until an interrupted moment of self-gratification turns things dangerous ... for my body and my heart. Living with my brother and his best friend has me breaking all the rules. I just have to decide if the consequences are worth the reward.

An impossible decision in the chaos of D-Day. Ripples that cascade seventy-five years into the present. And two lives transformed by the tenuous resolve to reach out of the darkness toward fragments of light. Cancer stole everything from Ceelie—her peace of mind, her selfimage, perhaps even her twenty-three-year marriage to her college sweetheart, Nate. Without the support of Darlene, her quirky elderly friend, she may not have been able to endure so much loss. So when Darlene's own prognosis turns dire, Ceelie can't refuse her seemingly impossible request—to find a WWII paratrooper named Cal, the father who disappeared when Darlene was an infant, leaving a lifetime of desolation in his wake. The search that begins in the farmlands of Missouri eventually leads Ceelie to a small town in Normandy, where she uncovers the harrowing tale of the hero who dropped off-target into occupied France. Alternating between Cal's D-Day rescue by two French sisters and Ceelie's present-day journey through trial and heartbreak, *Fragments of Light* explores a timeless question: When life becomes unbearable, will you surrender to the darkness or dare to press toward a lingering light? Praise for *Fragments of Light* "Michèle Phoenix skillfully explores the strength and resiliency of the human spirit but also its heartbreaking limits. Brimming with expertly researched wartime details, *Fragments of Light* abounds with poignancy and insight." —Susan Meissner, bestselling author of *The Last Year of the War* "As a D-Day Airborne participant, I recommend this novel with enthusiasm. Everyone should read it." —Staff Sergeant Thomas Rice, WWII Veteran, 101st Airborne "Michele Phoenix's *Fragments of Light* is a luminous portrait of men and women grappling with the past in a brave attempt to forge a different kind of future . . . A story as beautiful as it is heartbreaking. In short, I loved this book!" —Lauren Denton, USA TODAY bestselling author of *The Hideaway* "Deeply personal and beautifully humane, Phoenix once again asserts her power as one of the most moving and lyrical voices in inspirational fiction." —Rachel McMillan, author of *The London Restoration* "Written with depth and understanding, this story offers readers a wonderful journey spanning from war-torn World War II France to a battle for love in our time." —Katherine Reay, bestselling author of *Dear Mr. Knightley* "As the title suggests, there are no easy illuminations on the path of healing. Cancer attacks more than the body. War destroys more than flesh and bone. Not all heroes welcome the attention, and not all husbands are up to the challenge. Women find the most unlikely sources of strength, and the best families defy definition." —Allison Pittman, bestselling author of *The Seamstress* "It's not often a story moves me as *Fragments of Light* has. With a rare and honest voice, Michèle Phoenix weaves a story of heroes from yesteryear and also those from your neighborhood—each with hearts of valor—as they endure the fight of their lives." —Elizabeth Byler Younts, Carol Award-winning author *The Solace of Water*

Ethan Fitzell has been avoiding his stepsister Jenny since their parents got married, but when she shows up at his apartment uninvited, he's forced to face the fact that her absence has only made his heart grow fonder...Jenny always liked him. But when our parents got married, things got confused. As if being a teenager isn't confusing enough. All I knew was that the feelings I had for him weren't okay. I'll never forget the anxiety I felt the night I ran into him at a party that had gotten out of control. I saw him standing around with the popular kids as soon as I walked in the door. And he saw me, too. He always saw me. It was talking to me that he avoided. I watched his buddy spin an empty wine bottle on the butcher block while my friend Brandi rummaged in her oversized purse for the two bottles of hard lemonade her older sister gave us. When the spinning bottle stopped, I realized everyone was staring at me. "Looks like you've gotta kiss Jen," some jock said to Ethan. I felt the color drain from my face, taking the moisture in my mouth with it as a suffocating panic grew in my chest. I was going to be found out. Ethan laughed it off. "Yeah, that's not happening. She's my sister." "Not really, though," his buddy insisted. The eruption of laughter and jeering sounds made the dim kitchen feel like a jungle full of predators, and I was sure my cheeks were going to burst into flames. "Don't be stupid," Ethan said, tilting a can of beer over his mouth. When his friend spun the bottle again, Ethan glanced back at me one more time and wiped the back of his hand across his lips. I've been wondering what it would be like to kiss him ever since. \*\*Author's note: This is a full-length, standalone romance novel with no cliffhanger and no cheating. It is intended for a mature audience and has an ending that will leave you smiling so hard it hurts.

From New York Times bestselling author Talia Hibbert comes an electric, domestic, roommates-to-lovers romance between a whirlwind party girl and her uptight best friend... Jasmine Allen believes in bad luck, great wine, and the seductive power of a stiletto heel. What she doesn't believe in is love. Her life is perfect without all that romance rubbish—until a plumbing disaster screws everything up and leaves Jas homeless. Luckily, she has someone to turn to: her best friend Rahul. For seven years, Rahul Khan has followed three simple rules. - Don't touch Jasmine if you can help it. - Don't look at her arse in that skirt. - And don't ever—ever—tell her you love her. He should've added another rule: Do not, under any circumstances, let Jas move into your house. Now Rahul is living with the friend he can't have, and it's decimating his control. He knows their shared dinners aren't dates, their late-night kisses are a mistake, and the tenderness in Jasmine's gaze is only temporary. One wrong word could send his skittish best friend running. So why is he tempted to risk it all? This book was previously published as *Wanna Bet?*. *The Roommate Risk* is a steamy, standalone, diverse romance. This book is 75,000 words of fluff, angst, and extreme pleasure, with NO cliffhangers, NO cheating, and a guaranteed HEA. Please be aware: this story contains themes of parental neglect and abandonment, parental death, and alcohol dependence that could trigger certain audiences.

In Stephanie Wu's *The Roommates*, people of all ages reveal their disastrous, hilarious, and sometimes moving stories of making their best friend for life or lifelong nemesis. Learn what it's like to share a room in places as unusual as a thirty-person beach house, a billionaire's yacht, a reality show mansion, and a retirement hotel, and those as familiar as sleepaway camps, boarding schools, and college dorms.
