Memorize Holding Pattern Entries for Good - YouTube

Depending on where you enter the holding pattern, you will need to follow an entry procedure. If you are coming from 70° to the left (right for non-standard patterns) of the holding course, use a Teardrop procedure. Coming from 110° to the right (or left if non-standard), use the Parallel procedure. And from the remaining 180°, fly a direct entry.

How to Fly a Holding Pattern: 12 Steps (with Pictures) ...

The hold-entry patterns, incidentally, are mandatory and must be flown as prescribed in the AIM (RAC 10.5) and the Instrument Procedures Manual.3 Based on the sector from which you approach the assigned fix, the three entry procedures are defined as the parallel entry, offset entry, and direct entry. A simple technique for determining the hold-entry pattern to be flown (based on the sector of origin) will be described below, but first, let us examine the three entry patterns.

Hold Patterns and Hold Pattern Entry Procedures, Langley ...

Practice choosing the right holding pattern entry, that is, direct, teardrop, or parallel. This Demonstration simulates a holding pattern entry situation by indicating the course of the aircraft, the radial specified to hold on, and whether or not a left turn is instructed by air traffic control (ATC).
