When Annette Gordon-Reed's groundbreaking study was first published, rumors of Thomas Jefferson's sexual involvement with his slave Sally Hemings had circulated for two centuries. Among all aspects of Jefferson's renowned life, it was perhaps the most hotly contested topic. The publication of Thomas Jefferson and Sally Hemings intensified this debate by identifying glaring inconsistencies in many noted scholars' evaluations of the existing evidence. In this study, Gordon-Reed assembles a fascinating and convincing argument: not that the alleged thirty-eight-year liaison necessarily took place but rather that the evidence for its taking place has been denied a fair hearing. Friends of Jefferson sought to debunk the Hemings story as early as 1800, and most subsequent historians and biographers followed suit, finding the affair unthinkable based upon their view of Jefferson's life, character, and beliefs. Gordon-Reed responds to these critics by pointing out numerous errors and prejudices in their writings, ranging from inaccurate citations, to impossible time lines, to virtual exclusions of evidence—especially evidence concerning the Hemings family. She demonstrates how these scholars may have been misguided by their own biases and may even have tailored evidence to serve and preserve their opinions of Jefferson. This updated edition of the book also includes an afterword in which the author comments on the DNA study that provided further evidence of a Jefferson and Hemings liaison.00 Possessing both a layperson's unfettered curiosity and a lawyer's logical mind, Annette Gordon-Reed writes with a style and compassion that are irresistible. Each chapter revolves around a key figure in the Hemings drama, and the resulting portraits are engrossing and very personal. Gordon-Reed also brings a keen intuitive sense of the psychological complexities of human relationships—relationships that, in the real world, often develop regardless of status or race. The most compelling element of all, however, is her extensive and careful research, which often allows the evidence to speak for itself. Thomas Jefferson and Sally Hemings: An American Controversy is the definitive look at a centuries-old question that should fascinate general readers and historians alike.

#1 Amazon Best Seller □ Welcome to the farm! The Cut Flower Garden: Erin Benzakein is a florist-farmer, leader in the local farm-to-centerpiece movement, and owner of internationally renowned Floret Flower Farm in Washington's lush Skagit Valley. Written in the early 1970s amidst widespread debate over the causes of gender inequality, Strathern's book was intended as an analysis of gender as a powerful cultural code and sex as a defining mythology. But the manuscript went into storage, where it remained for more than four decades. This book finally brings it to light, giving the long-lost feminist work, accompanied here by an afterword from Judith Butler. Strathern engages some of the leading feminist thinkers of the time, including Shulamith Firestone, Simone de Beauvoir, Ann Oakley, and Kate Millett. Building toward a conclusion in which she argues that we underestimate the materializing grammars of sex and gender at our own peril, she offers a powerful challenge to the intransigent mythologies of sex that still plague contemporary society.

The best-selling author shares his insights on how to tackle our most difficult problems, from improving our love lives and our pocketbook to improving our overall health and sense of well-being.

" ... provides updated county and town listings within the same overall state-by-state organization ... information on records and holdings for every county in the United States, as well as excellent maps from renowned mapmaker William Dollarhide ...
