Accompanied by a CD with music from Death Cab for Cutie and other bands, this groundbreaking volume, using candid photos, traces the rise of indie rock, capturing the bands and musicians that started and continue this radical revolution. Original. 12,500 first printing.

This encyclopedia of heavy rock and metal music is taken from the database of the Encyclopedia of Popular Music. Containing over 1400 entries, this book provides reviews of all the big names in the history of the genre.

POST is a look at how post-hardcore/emo music developed since its unintentional inception in the mid-1980s. With each chapter broken up by influential band or label, it focuses on a broad style of independent music that developed because of the Do-It-Yourself (DIY) ethic. Focusing on bands like Fugazi, Jawbox, Jawbreaker, Sunny Day Real Estate, Braid, the Promise Ring, Hot Water Music, the Get Up Kids, At the Drive-In, and Jimmy Eat World, as well as labels like Dischord, Jade Tree, and Vagrant, these bands and labels came from the ideas of DIY and sustained them. In turn, they inspired plenty that came after them.

Where To Download The Engine Room Band Wiki

Looking at the surroundings and circumstances from where they came, this a look at the bonds that formed and the music that came out. ". . . a gripping, Our Band Could Be Your Life-style narrative," - Aaron Burgess, writer for Alternative Press and Revolver.

Organized alphabetically, this comprehensive reference lists more than two thousand artists, musicians, and bands outside the mainstream of commercial music, including all the songs and albums they ever recorded, each band's members throughout its history, reviews, and other valuable information. Original.

" All I have to say about these songs is that I love them, and want to sing along to them, and force other people to listen to them, and get cross when these other people don ' t like them as much as I do. " —Nick Hornby, from *Songbook* A wise and hilarious collection from the bestselling author of *Funny Girl*, *About a Boy*, and *High Fidelity*. Songs, songwriters, and why and how they get under our skin. . . *Songbook* is Nick Hornby ' s labor of love. A shrewd, funny, and completely unique collection of musings on pop music, why it ' s good, what makes us listen and love it, and the ways in which it attaches itself to our lives—all with the beat of a perfectly mastered mix tape.

The long-awaited and vastly entertaining autobiography of Scott Ian, guitarist and founder of groundbreaking and influential thrash metal legend Anthrax

The definitive chronicle of underground music in the 1980s tells the stories of Black Flag, Sonic Youth, The Replacements, and other seminal bands whose DIY revolution changed American music forever. *Our Band Could Be Your Life* is the never-before-told story of the musical revolution that happened right under the nose of the Reagan Eighties -- when a small but sprawling network of bands, labels, fanzines, radio stations, and other subversives re-energized American rock with punk's do-it-yourself credo and created music that was deeply personal, often brilliant, always challenging, and immensely influential. This sweeping chronicle of music, politics, drugs, fear, loathing, and faith is an indie rock classic in its own right. The bands profiled include: Sonic Youth Black Flag The Replacements Minutemen Husker Du Minor Threat Mission of Burma Butthole Surfers Big Black Fugazi Mudhoney Beat Happening Dinosaur Jr.

An eternal war The endless Blood War rages, a never-ending battle between the fiends of the planes. Amid this horrific conflict, a single hero with no memory of his past seeks to discover his true identity. Of course, this being the planes, his companions on his quest are ... unusual. But if you can't trust a floating skull, an eccentric investor, and a succubus, who can you trust? Practically no one. Based on the best-selling computer game from Interplay.

All the facts and informed opinion that you need on the artists who made the history of this decade are contained in this single volume, distilled from *The Virgin Encyclopedia of Popular Music*, universally acclaimed as the world's leading source of reference on rock and pop history.

ONE OF BILLBOARD'S "100 GREATEST MUSIC BOOKS OF ALL TIME" The provocative transgender advocate and lead singer of the punk rock band *Against Me!* provides a searing account of her search for identity and her true self. It began in a bedroom in Naples, Florida, when a misbehaving punk teenager named Tom Gabel, armed with nothing but an acoustic guitar and a headful of anarchist politics, landed on a riff. Gabel formed *Against Me!* and rocketed the band from its scrappy beginnings-banging on a drum kit made of pickle buckets-to a major-label powerhouse that critics have called this generation's *The Clash*. Since its inception in 1997, *Against Me!* has been one of punk's most influential modern bands, but also one of its most divisive. With every notch the four-piece climbed in their career, they gained new fans while infuriating their old ones. They suffered legal woes, a revolving door of drummers, and a horde of angry, militant punks who called them "sellouts" and tried to sabotage their shows at every turn. But underneath the public turmoil, something much greater occupied Gabel—a secret kept for 30 years, only acknowledged in the scrawled-out pages of personal journals and hidden in lyrics. Through a troubled childhood, delinquency, and struggles with drugs, Gabel was on a punishing search for identity. Not until May of 2012 did a *Rolling Stone* profile finally reveal it: Gabel is a transsexual, and would from then on be living as a woman under the name Laura Jane Grace. *Tranny* is the intimate story of *Against Me!*'s enigmatic founder, weaving the narrative of the band's history, as well as Grace's, with dozens of never-before-seen entries from the piles of journals Grace kept. More than a typical music memoir about sex, drugs, and rock 'n' roll—although it certainly has plenty of that—*Tranny* is an inside look at one of the most remarkable stories in the history of rock.
