The Last Enemy - The Telegraph

"The Last Enemy" is cut from the same cloth and it, too, is brilliant. With a cast led by Benedict Cumberbatch, it tells the story of an aid worker on the Afghanistan-Pakistan border who becomes concerned when he begins seeing patients with a mysterious disease that is always fatal.

This is the true story of Second World War fighter pilot, Richard Hillary. After being shot down in September 1940, Hillary spent several months in hospital, undergoing numerous operations; a member of Archibald McIndoe's 'Guinea Pig Club'. Originally published in 1942, just months before he died in a second crash, The Last Enemy recounts the struggles and successes of a young man in the Royal Air Force. Told through Hillary's eyes, this incredible story shows that even in our darkest moments there is a glimmer of enduring hope.

Researchers continue to spend time and money looking for ways to prolong life. However, the reality of the matter remains the same—we are all going to die at some point in time. Written with creativity and honesty, The Last Enemy speaks to Christians facing death or troubled by its inevitability. It brings clarity

and hope to the subject of death and dying by exploring our emotions and reactions, the pain imposed by the enemy, and Jesus' triumph over sin and death. The Last Enemy encourages readers to focus on what matters most and prepare for ultimate victory.

Centuries-old wisdom. Knowledge people will kill for. The ultimate prize: The Index of the Order of Malichea. And the most powerful organisations in the world are in a deadly race to find it. The Index will change the shape of the future. Jake and Lauren must get to it first . . . Alex Munro, high-flying lawyer, is dead. Murdered in cold blood. The prime suspect is Jake. He has a history with the victim, one tainted by his attempts to obtain the lost books of the Order of Malichea. It's down to Jake to discover who wants him behind bars, away from The Index for good. But the clock is ticking . . .

The Riddle of the Third Mile is the sixth novel in Colin Dexter's Oxford-set detective series. The thought suddenly occurred to Morse that this would be a marvellous time to murder a few of the doddery old bachelor dons. No wives to worry about their whereabouts; no landladies to whine about the unpaid rents. In fact nobody would miss most of them at all . . . By the 16th of July the Master of Lonsdale was concerned, but not yet worried. Dr Browne-Smith had passed through the porter's lodge at approximately 8.15 a.m. on the morning of Friday, 11th July. And nobody had heard from him since. Plenty of time to disappear, thought Morse. And plenty of time, too, for someone to commit murder . . . The Riddle of the

Third Mile is followed by the seventh Inspector Morse book, The Secret of Annexe 3.

In 1918, the RAF was established as the world's first independent air force. To mark the 100th anniversary of its creation, Penguin are publishing the Centenary Collection, a series of six classic books highlighting the skill, heroism and esprit de corps that have characterised the Royal Air Force throughout its first century. The Last Enemy is Richard Hillary's extraordinary account of his experience as a Spitfire pilot in the Second World War. Hillary was shot down during the Battle of Britain, leading to months in hospital as part of Archibald McIndoe's 'Guinea Pig Club', undergoing pioneering plastic surgery to rebuild his face and hands. The Last Enemy was first published in 1942, just seven months before Hilary's untimely death in a second crash and has gone on to be hailed as one of the classic texts of World War II.

To the Romans, the greatest enemy the Republic ever faced was not the Goths or Huns, nor even Hannibal, but rather a ferocious and brilliant king on the distant Black Sea: Mithridates Eupator VI of Pontus, known to history as Mithridates the Great. At age eleven, Mithridates inherited a small mountain kingdom of wild tribesmen, which his wicked mother governed in his place. Sweeping to power at age twenty-one, he proved to be a military genius and quickly consolidated various fiefdoms under his command. Since Rome also had expansionist designs in this region, bloody conflict was inevitable. Over forty years, Rome sent its greatest generals to contain Mithridates and gained tenuous control over his

empire only after suffering a series of devastating defeats at the hands of this cunning and ruthless king. Each time Rome declared victory, Mithridates considered it merely a strategic retreat, and soon came roaring back with a more powerful army than before. Bursting with heroic battle scenes and eloquent storytelling, Michael Curtis Ford has crafted a riveting novel of the ancient world and resurrected one of history's greatest warriors.

Work has become Police Chief Brill Jessup's favorite distraction from trying to forgive her husband's infidelity. But when seven people in her town go missing, her tireless investigation threatens her family and she's forced to confront the real enemy.

Cultural Politics in Harry Potter: Life, Death and the Politics of Fear is the first book-length analysis of topics, such as death, fear and biopolitics in J.K. Rowling's work from controversial and interdisciplinary perspectives. This collection brings together recent theoretical and applied cultural studies and focuses on three key areas of inquiry: (1) wizarding biopolitics and intersected discourses; (2) anxiety, death, resilience and trauma; and (3) the politics of fear and postmodern transformations. As such, this book: provides a comprehensive overview of national and gender discourses, as well as the transiting bodies in-between, in relation to the Harry Potter books series and related multimedia franchise; situates the transformative power of death within the fandom, transmedia and film depictions of the Potterverse and critically deconstructs the processes of subjectivation and legitimation of death and fear;

examines the strategies and mechanisms through which cultural and political processes are managed, as well as reminding us how fiction and reality intersect at junctions, such as terrorism, homonationalism, materialism, capitalism, posthumanism and technology. Exploring precisely what is cultural about wizarding politics, and what is political about culture, this book is key reading for students of contemporary literature, media and culture, as well as anyone with an interest in the fictional universe and wizarding world of Harry Potter.

Part of H. Beam Piper's popular Paratime series, "Last Enemy" follows the work of researcher Dallona of Hadron, who is attempting to determine whether any aspect of the mind, body or soul survives the process of death. However, when her experiments suggest that sentience does outlast the physical body, and she uncovers a link between this immortality and time travel, Dallona is faced with unforeseen consequences she never expected.

By the time Joseph Stalin died in 1953, Communism was a rapidly spreading disease - one seemingly without a cure. Enter Dr. Frederick Schwarz, a "pathologist of Communism" who had already spent more than twenty years in the study of Communism's basic ideas. At Dr. Billy Graham's suggestion, Dr. Schwarz formed the United States Christian Anti-Communism Crusade (CACC). For the next four decades, the CACC was the steel spine of the American anti-Communist movement, helping to educate such great anti-Communist leaders as Ronald Reagan. Beating the Unbeatable Foe is Dr. Schwarz's
