A perceptive & provocative analysis of the transformation that swept through American Catholicism in the decades leading up to Vatican II. The Jesuits have been the carriers of a culture borne along by a fruitful & often frustrating tension between their dual commitment to ancient virtues & to the pursuit of the free play of ideas. This book explains developments among the Jesuits and sets them in the larger context of the sea-changes that shook the world and the Catholic Church in the world during the mid-20th century.

For nearly half a century, James D. Hart's Oxford Companion to American Literature has offered a matchless guided tour through American literary culture, both past and present, with brief biographies of important authors, descriptions of important literary movements, and a wealth of information on other aspects of American literary life and history from the Colonial period to the present day. In this second edition of the Concise version, Wendy Martin and Danielle Hinrichs bring the work up to date to more fully reflect the diversity of the subject. Their priorities have been, foremost, to fully represent the impact of writers of color and women writers on the field of American literature, and to increase the usefulness of the work to students of literary theory. To this end, over 230 new entries have been added, including many that cover women authors; Native American, African American, Asian American, Latino/a, and other contemporary ethnic literatures; LGBT, trans, and queer studies; and recent literary movements and evolving areas of contemporary

relevance such as eco-criticism, disability studies, whiteness studies, male/masculinity studies, and diaspora studies.

This lively survey of the ever-changing Irish-American experience contains “ many perceptive, and sometimes surprising, observations ” (The Irish Times). Irish-American Autobiography explores the evolution of Irishness in America through memoirs that describe, define, and redefine what it means to be Irish. From athletes and entertainers to saloon keepers, community activists, and Catholic priests, Irish-Americans of all stripes share their thoughts and perceptions on their ever-evolving ethnic identity. Poet and Irish studies specialist James Silas Rogers begins his evocative analysis with celebrity memoirs by athletes like boxer John L. Sullivan and ballplayer Connie Mack written when the Irish were eager to put their raffish origins behind them. Later, he traces the many tensions registered by lesser-known Irish-Americans who ’ ve told their life stories. South Boston step dancers set themselves against the larger culture, framing their identity as outsiders looking in. Even the classic 1950s sitcom The Honeymooners speaks to the poignant sense of exclusion felt by its creator Jackie Gleason. Rogers also examines the changing role of Catholicism as a cultural touchstone for Irish Americans, and examines the painful diffidence of priest autobiographers. Irish-American Autobiography becomes, in the end, a story of a continued search for connection—documenting an “ ethnic fade ” that never quite happened.

An evocative celebration of the contributions of America's leading songwriters during the Golden Age of American popular music focuses on the work of such celebrated musicians as George Gershwin, Irving Berlin, Harold Arlen, Cole Porter, Duke Ellington, Hoagy Carmichael, Jerome Kern, Richard Rodgers, Johnny Mercer, and other notables. Reprint. 25,000 first printing.

An Irish quarterly review.
