Flat and Light Engine Cooling Module Valeo offers ultra light and flat modules to maintain engine temperature at optimal level, hence avoiding overheating. A module is composed of radiators, condensers and the fan system, with slight variations depending on the type of powertrain.

Flat and Light Engine Cooling Module | Valeo

By 2030, hybrid and electric cars are expected to account for one-third of global automotive production as demand for combustion engines declines. A pioneer and world leader in the field of vehicle electrification, Valeo already equips one out of every three cars in the world with electrical systems that reduce CO2 emissions.
