On a snowy night in February, at the improbable point in Lower Manhattan where Waverly Place intersects Waverly Place, a photographer named Leo meets Veronica for the first time. Starkly beautiful, mysterious, aloof, she leads him into a world where illusion blends seamlessly with reality—a luminously transformed city where powerful underground streams crisscross beneath the streets, a city of dragonpoints and Tibetan mysticism where real time is magically altered. Ten years have passed since Veronica's father, the famous magician Albin White, disappeared while performing a dangerous feat of time travel before a packed theater audience. White's disappearance was no accident: he was sabotaged by his apprentice Starwood, who interfered at a critical moment and sent him hurtling into the past, free to explore other eras but with no means of returning to the present. Until Veronica finds Leo

“A large, lavishly inventive novel . . . an American descendant of *The Arabian Nights* . . . erudite and artful entertainment.”—*The New York Times Book Review* At a Manhattan planetarium in 1965, ten-year-old Enzo is whisked away from his young adoptive aunt, Mala. His abductor turns out to be a blood relative: his great-uncle Junius Samax, a wealthy former gambler who lives in a converted Las Vegas hotel surrounded by a priceless art collection and a host of fascinating, idiosyncratic guests. In Samax's magical world, Enzo receives a unique education and pieces together the mystery of his mother's life and the complicated history of his adoption. Back in New York, Mala only knows that Enzo has disappeared. After a yearlong search proves fruitless, she

enlists in the Navy Nursing Corps and on a hospital ship off Vietnam falls in love with a wounded B-52 navigator, who disappears on his next mission. Devastated again, Mala embarks on a restless, adventurous journey around the world, hoping to overcome the losses that have transformed her life. Fusing imagination, scholarship, and suspense with remarkable narrative skill, Nicholas Christopher builds a story of tremendous scope, an epic tale of love and destiny, as he traces the intricate latticework of Mala's and Enzo's lives. Each remains separate from each other but tied in ways they cannot imagine—until the final miraculous chapter of this extraordinary novel. "A writer of remarkable gifts." The Washington Post Book World "This labyrinthine novel . . . is animated by an encompassing lust for beauty." The New Yorker "[Nicholas] Christopher is North America's García Márquez; Borges with emotional weight. . . . This is one of those rare books that, by connecting the stars, catches you in its web." The Globe and Mail Includes an excerpt of Nicholas Christopher's Tiger Rag

On a snowy night in February--at the improbable corner in lower Manhattan where Waverly Place intersects itself--a photographer named Leo meets Veronica, the beautiful, enigmatic daughter of an illusionist who has been swallowed up in time. Veronica is looking for an appetite, a savior. And she is soon leading Leo into a dangerous labyrinth of delights that winds beneath and beyond a luminously transformed city of underground streams, dragonpoints, and mystically altered time. At the frozen apex of an extraordinary winter, Veronica has enticed Leo into a wonderful, terrible world...and away from his ordinary life forever.

Film noir is more than a cinematic genre. It is an essential aspect of American culture. Along with the cowboy of the Wild

# Get Free Veronica Nicholas Christopher

West, the denizen of the film noir city is at the very center of our mythological iconography. Described as the style of an anxious victor, film noir began during the post-war period, a strange time of hope and optimism mixed with fear and even paranoia. The shadow of this rich and powerful cinematic style can now be seen in virtually every artistic medium. The spectacular success of recent neo-film noirs is only the tip of an iceberg. In the dead-on, nocturnal jazz of Charlie Parker and Miles Davis, the chilled urban landscapes of Edward Hopper, and postwar literary fiction from Nelson Algren and William S. Burroughs to pulp masters like Horace McCoy, we find an unsettling recognition of the dark hollowness beneath the surface of the American Dream. Acclaimed novelist and poet Nicholas Christopher explores the cultural identity of film noir in a seamless, elegant, and enchanting work of literary prose. Examining virtually the entire catalogue of film noir, Christopher identifies the central motif as the urban labyrinth, a place infested with psychosis, anxiety, and existential dread in which the noir hero embarks on a dangerously illuminating quest. With acute sensitivity, he shows how technical devices such as lighting, voice over, and editing tempo are deployed to create the film noir world. Somewhere in the Night guides us through the architecture of this imaginary world, be it shot in New York or Los Angeles, relating its elements to the ancient cultural archetypes that prefigure it. Finally, Christopher builds an explanation of why film noir not only lives on but is currently enjoying a renaissance. Somewhere in the Night can be appreciated as a lucid introduction to a fundamental style of American culture, and also as a guide to film noir's heyday. Ultimately, though, as the work of a bold talent adeptly manipulating poetic cadence and metaphor, it is itself a superb aesthetic artifact.

A finalist for the National Book Award and National Book

Critics Circle Award, here is an evocative novel about female friendship in the glittering 1980s. Alison and Veronica meet amid the nocturnal glamour of 1980s New York: One is a young model stumbling away from the wreck of her career, the other an eccentric middle-aged office temp. Over the next twenty years their friendship will encompass narcissism and tenderness, exploitation and self-sacrifice, love and mortality. Moving seamlessly from present and past, casting a fierce yet compassionate eye on two eras and their fixations, the result is a work of timeless depth and moral power.

The acclaimed author of *Veronica* and *A Trip to the Stars* returns with a dazzling new novel based on one of the great legends of musical history. New Orleans, 1900. The virtuoso cornet player Charles "Buddy" Bolden invents jazz, but after a life consumed by tragedy, the groundbreaking sound of his horn vanishes with him. Rumors persist, though, that Bolden recorded a phonograph cylinder, and over the course of a century it evolves into the elusive holy grail of jazz. Florida, the present day. Dr. Ruby Cardillo's life is falling apart. Her husband, a prominent cardiologist, has left her for a twenty-six-year-old. Her daughter, Devon, a once promising jazz pianist, has recently finished an enforced stint picking up trash along the interstate after a drug conviction. Ruby's estranged mother has just died, but not before conjuring up ghosts that Ruby thought she had put behind her long ago. After a long career as a well-respected anesthesiologist, Ruby suddenly jumps the tracks, forgetting to eat and sleep, indulging her every whim, wearing only purple, consuming only bottles of 1988 Château Latour. Then Ruby enlists Devon to accompany her on an impulsive road trip to New York, and both mother and daughter get more than they bargained for, discovering that their own shrouded family history is connected to the tantalizing search for Buddy

Bolden's long-lost cylinder. Ranging from turn-of-the-century Louisiana to Roaring Twenties Chicago to contemporary Manhattan, *Tiger Rag* is at once a moving story of loss and redemption and an intricate historical mystery from one of our most brilliant storytellers. Praise for *Tiger Rag* —The structure here is like a long and complex jazz arrangement. There is a comparatively simple theme set up against what might be thought of as distinctive chord changes. And then, against this main story, the author sets up what might be seen as highly individualistic solos. The themes of the male performers and the female audiences come together, separate, then come together again. If you love the world of jazz, if it's a little like a religion to you, you'll love this ambitious, thoughtful novel. —The Washington Post

—Describing music in a book is a bit like trying to describe color to a blind person; it rarely goes well. The opening stretch of Nicholas Christopher's latest novel *Tiger Rag*, however, paints a picture of a jazz recording session so vividly that the reader might want to keep a towel handy for mopping his brow James Brown-style. —GQ.com

Nicholas Christopher's new novel, *Tiger Rag*, is a New Year's treat that lovers of good music and good writing should not deny themselves. . . . Nicholas is a master at building a rich story populated with vivid characters on the bare foundation of historical record. Although no recording of Bolden and his band has yet surfaced, his sideman Willy Cornish, a trombone player, died claiming a recording session took place. Nicholas has imagined a satisfying and engrossing tale about what might have happened. He has fleshed out the lives touched by the wax cylinders that stored three versions of "Tiger Rag." From the musicians who played with or followed Bolden, to the recording engineer and his assistant at the fateful recording session, Nicholas has created a colourful cast whose stories draw readers into their lives. . . .

Nicholas is a poet as well as a novelist, and the book sings, thanks to his compelling descriptions and use of imagery. . . . [C]ompulsively readable. □ □The Toronto Star

A richly detailed historical novel from master storyteller Nicholas Christopher that School Library Journal calls " A] lush tale of music, magic, and intrigue" Nicol Zen is all alone in 1700s Venice, save for his clarinet, which a mysterious magician had enchanted, allowing its first player to perform expertly. Soon Nicol is a famous virtuoso, wealthy beyond his dreams, but he can't stop wondering if he earned the success himself--or what might happen if the spell were removed. And throughout it all, he continues to think about the girl he met in Venice, what she might be doing and if she's safe from harm. With a guest appearance by composer Vivaldi, and brimming with fascinating period details, this is a compelling coming-of-age story full of universal themes and a love story that will conjure memories of Romeo and Juliet, perfect for teens who love stories set in other times, and a magician who dresses all in white and can be in two places at once. . . .

At thirty-four, piano soloist Max Randal has hit a wall. It's been four years since his last live performance, and his manager is intent on revitalizing his career with a big concert at Carnegie Hall. As if that wouldn't be enough for Max to worry about, as he struggles to prepare, the ghosts of his failed relationships have come to haunt him □ his first ex-wife is dying, his second ex-wife wants to get back together, the mother of his child has taken off for Europe and unexpectedly left him to care for their nine-year-old, and his present girlfriend now wants to get serious. Believe it or not, the plot only gets thicker. Merging dozens of characters and events into a seamless narrative, gifted novelist and poet Nicholas Christopher delivers a compelling tale. Like an exhilarating

# Get Free Veronica Nicholas Christopher

performance, *The Soloist* takes you on a brilliant adventure that resonates even once it's over.

A hostile stranger is hunting Dr. Show's ramshackle travelling circus across 1960s America. His target: the ringmaster himself. Struggling to elude the menace, Dr. Show scraps his ambitious itinerary; ticket sales plummet, and nothing but disaster looms. The troupe's unravelling hopes fall on their latest and most promising recruit, Webern Bell, a sixteen-year-old stunted hunchback devoted obsessively to perfecting the surreal clown performances that come to him in his dreams. But as they travel through a landscape of abandoned amusement parks and rural ghost towns, Webern's bizarre past starts to pursue him, as well. Along the way we meet Nepenthe, the seductive Lizard Girl; Brunhilde, a shell-shocked bearded lady; Marzipan, a world-weary chimp; a cabal of drunken, backstabbing clowns; Webern's uncanny sisters, witchy dogcatchers who speak only in rhymes; and his childhood friend, Wags, who may or may not be imaginary, and whose motives are far more sinister than they seem.

In this shimmering work of fiction, Nicholas Christopher follows the remarkable life of Franklin Flyer—a restless young inventor named after the train on which he was born—through the tumultuous years of the Great Depression, into the Second World War. Raised by his suffragette aunt, at various times a vagabond and tycoon, Franklin travels across the U.S.A and around the globe, seeking adventure and enlightenment, charting his fate by pursuing the unexpected. He encounters a glittering cast of characters: among them Rita Hayworth, Josephine Baker, OSS founder "Wild Bill" Donovan, and a host of political zealots, opportunists, and dreamers thrown together in a world on the brink of collapse.

# Get Free Veronica Nicholas Christopher

With each new invention—devices that help to revolutionize everything from early television to the technology with which the Allies respond to the Axis powers—Franklin makes his mark. Gaining fame and fortune, he also suffers terrible heartbreak, and through numerous transformations discovers that a man's own life is truly his most difficult, and rewarding, invention. A brisk, vivid blend of history and imagination, Franklin Flyer brings to life an American hero as unforgettable as his times.
