One day, the boy made a wondrous discovery: a magic stone that caused his money jar and rice crocks to overflow, both of which he shared with the poor villagers. But strange things began to happen. It no longer rained. The crops died. The rivers dried up. A terrible drought had struck and would not release its grip. The brave young boy, full of dreams of a white, water-spewing Dragon, took his magic stone on a journey-and discovered how to save his village.

In ancient China, the different tribes lived under the protection of benevolent spirits that took the form of animals--fish, ox, bird, horse, and serpent. But, as often happens, the tribes grew envious of each other and began to fight amongst themselves in the names of their spirits. The children decided to declare a war on war by creating a creature that combined the best of all the spirits and would protect all the people. To this day, the dragon is a symbol of peace and plays an especially important role in the celebration of the Chinese New Year. This timely message of cooperation and empowerment makes this book especially appealing to trade and institutional accounts. Communities with significant Chinese populations will also have a special interest in this title. Catherine Louis' Liu and the Bird was a critical hit with review journals, teachers, and librarians.

When the villagers hear the rumblings of Nian's hungry stomach, they know that winter has ended and spring is coming. But this year on the night before the first day of spring, a magical warrior visits Mei in her dreams. He tells Mei that it is her destiny to face and defeat Nian. The legend of Mulan and her bravery is captured in this beautifully illustrated Chinese children's book. Mulan is a folk story from China's Northern Dynasty (439-589) about the unusual tale of an ordinary girl named Fa Mulan. This book is illustrated based on the original ballad, which depicts her bravery through Chinese ink paintings. A long time ago in China, there lived a young girl named Mulan. Her father was a retired general who taught her many skills girls weren't normally allowed to learn, like martial arts, archery, sword play and how to ride a horse. One day, soldiers came to Mulan's village. They told everyone China was in danger, and that a man from each family must join the army and fight. Mulan was terribly upset. Her father was too old, but was honor-bound to fight. If only she had been born a boy! That night, Mulan came up with a plan to save the honor of her family and her father's life. Early the next morning, disguised as a boy, Mulan took a horse and her father's armor before leaving to join the army. No one recognized her, and Mulan was very careful to never let anyone know she was really a girl. Mulan's bravery, courage and the skills she learned from her father helped her to succeed. Over twelve years, Mulan fought against the threat to China before finally helping to win the war. When she was offered a reward from the emperor for her incredible courage, Mulan instead asked for a horse so she could return home to her family. Mulan's family was so happy to see her! And there, for the first time in twelve years, Mulan exchanged her armor for a dress, fixed her hair into an elegant girl's hairstyle and joined her family, a beautiful young woman once again.

In ancient times under the reign of Yellow Emperor (about 2500 B.C.), people kept records by piling stones and tying knots. One day, Cang Jie, a historical official who tied knots to keep records under Yellow Emperor, unexpectedly made a big mistake. Feeling very guilty, he was determined to find out a better way for keeping records. He went back to his hometown to think it over for many days and nights. Inspired by the footprints of animals, he began to carefully observe the sun, moon, stars, mountains, rivers, lakes, seas, as well as birds and animals. At the same time, he traveled around collecting signs created by fishermen, farmers, hunters and soldiers. In the end, he succeeded in creating Chinese characters, which are still widely used today. In this multicultural children's story, kids will find out that there is a story behind every Chinese character. Children will also learn about basic Chinese characters and how to make them.
